

My name is Dan and I am a clinical Nurses and would like to introduce myself. I am the Director of Neighbourhood Nursing Care NNC. I Have been working as a nurse for 19 years and I am looking to furthering my skills and continue my learning. My business is designed to help participants and clients to stay at home by providing them with the highest level of care, education, care plans and thus providing confidence for independence living within people's own home. Through my own 19-year career in nursing I have learned many skills, and I would like to share these with all participants and clients, so they have a healthier experience and spend more time concentrating on living a fruitful life. Look at my website for all the skills and education that I provide. I am NDIS approved. I have been approved to work with any age and any chronic or acute health issues.

I look forward to working with you. You can contact myself via the website and I will return your message.

Thank you,

Dan Leighton
